FIRE ACADEMY-Defer to Director

FIRE ACADEMY RICHARD GORMAN – (See inserted report) Deputy Director Seaman stated Director Gorman is running late. He highlighted some of the classes on his report. Tutela stated he heard from several fire chiefs outside Toms River about the new CPAT program. Looking through the director's report it looks that ours mimics the states Civil Service Commission regulations. Has anyone from the state reached out about possibility to utilize ours as a pilot or adjusting ours to meet the states? Seaman stated yes Director Gorman has been working on this and it is very similar to the civil service exam and we may not have to modify ours. Janora stated he attended the state fire commissioner meeting and a subcommittee is going to be appointed to discuss this CPAT requirements idea further. It was a very contentious topic.

BUREAU OF FIRE PREVENTION- Defer to Chief

<u>BUREAU CHIEF JANORA</u>— (See inserted report) In addition to his report he would like to recognize Kevin Britton for the Marina Unlimited Fire. Additionally, we discussed the possibility of participating in the NJ Fire Bowl, a competitive event that promotes fire safety knowledge among NJ students.

2. Township Engineering

a. I met with the Township engineering department to discuss several topics, including the assignment of addresses for new developments, the coordination and efficiency of site plan reviews and sign-offs, and planning for future projects. The discussion focused on improving communication and streamlining processes to ensure timely and accurate fire input on engineering-related matters.

I'm coordinating with Doug Buehler and the Marketing Director to finalize a date and time for recording, and we're working on selecting relevant and impactful topics. Once the details are set, we'll line up a few department members to participate, likely featuring two Inspectors and two Firefighters, just like last year. The previous campaign was a great success, with positive feedback from the community, and we aim to build on that success this year.

a. The new bureau website is now complete. Aside from a few small changes, the site has been fully approved. This has been a work in progress for several months, and I want to thank the board for their support in making these updates possible. We'll be increasingly relying on the website for our daily operations. I also want to acknowledge the hard work of Inspectors LaVigne and Carlin, along with Kim Jones, who worked hard to bring this project to completion
